WARNING: Unless the court makes some other order, the answers given in this document may only be used for the purposes of the proceedings in which the document is produced unless it has been read to or by the court or referred to at a hearing which has been held in public or the Court gives permission or the party who has completed this questionnaire agrees.

Guidance Notes:

1. Technical expressions are defined in Practice Direction 31B.
2. The questions in the Electronic Documents Questionnaire are not intended to give rise to any implication about how disclosure should or should not be carried out. They are intended only to provide information to other parties and to the court.
3. Further facts and matters may come to parties' attention over the course of the proceedings which affect the answers to the Electronic Documents Questionnaire. Where detailed information is not yet available at the time the Electronic Documents Questionnaire is first answered, parties should give such information as they can, and supplement or amend their answers when further information is available. Answers should be updated by notifying other parties and the court without undue delay, and in any event before each case management conference at which disclosure is likely to be considered.
4. Some of the questions in the Electronic Documents Questionnaire require only a brief answer which may need to be elaborated after Electronic Documents Questionnaires have been exchanged. The purpose of such questions is to assist the parties in identifying the points which may require elaboration in order for meaningful discussions to take place between them.
5. Questions which refer to sources of Electronic Documents that are not considered to be relevant may be answered with a statement to that effect.
6. Questions about 'your' documents and about software, hardware or systems used by 'you' are directed, in the case of solicitors, to the solicitor's lay client's documents or to documents prepared on the lay client's behalf.
